"The services that Boardman Schools have received from CompOne have been outstanding in achieving our goal to reduce our WC costs. CompOne has also educated us on very complicated issues when dealing with Workers' Compensation claims."

Richard R. Santilli
Treasurer, Boardman, OH Schools

CUSTOMIZED WORKERS COMP REPORTING FORMS

Comp One can customize Injury Reporting Packets to accommodate your company's specific policies and requirements. Our standard reporting packet contains:

- A First Report of Injury (FROI-1)
- A Physician's Report of Work Ability (Medco-14)
- Comp One ID card with billing information for your provider(s)
- Human form drawing used to indicate body part(s) injured
- Employee and Employer Guidebook of Workers' Compensation for a basic outline of the parties involved in a workers' compensation claim and their roles and responsibilities

BENEFITS:

- Employer's name and policy number printed on the outside
- When an employee sustains a work related injury, they simply take a packet with them when they go for medical treatment
- All of the initial reporting forms required by BWC are in the packet and ready for the treating physician to complete
- Expedites the initial filing of a claim
- Can incorporate specialized reporting materials and/or written policies into the Injury Reporting Packets
- The Guidebook can be modified or completely customized to your specifications, including excerpts from policy manuals, contact names and numbers, lists of preferred providers, etc.
- Can be personalized with information such as drug testing or transitional work policies
- Streamlines the claim reporting process

How Can We Help?

Are you running low on your reporting materials?

Give us a call at
