

Press Release

COMPONE TO EXHIBIT TRADESHOW BOOTH AT ASHTABULA COUNTY SAFETY CONFERENCE & EXPO

Boardman, OH – October 7, 2011 – CompOne, a managed care organization (MCO), announces its participation in the Ashtabula County Safety Conference & Expo, to be held at Jefferson Area Local Schools, 207 W. Mulberry St., Jefferson, OH. This conference will offer 27 sessions to choose from that will educate participants on how effective workplace safety and health programs can increase overall business productivity. Attendees can browse the expo floor to research, compare and evaluate vendors' merchandise and services. Registration for this event begins at 7 p.m., and the conference and expo run from 8 a.m. to 4 p.m. on Friday, October 14, 2011.

CompOne will be exhibiting at the event to provide information about workers' compensation services.

CompOne is an MCO for employers and injured workers. For employers, it provides medical case management for lost-time claims, works to keep premiums low and reduces the number of unnecessary lost-time workers' compensation claims. CompOne will also create a plan of action to return the employer's injured worker to the workplace with possible resolution of claims. The company helps keep employers' costs down and employees on the job while providing a Preferred Provider Panel. For injured workers, CompOne provides support throughout the claims process by assisting in filing claims with the Bureau of Workers' Compensation (BWC). This prevents delays and evaluates appropriateness and necessity of medical service necessary for a quick recovery and return to work. The company also handles the medical management of an injured worker's claim, authorizes medical treatment reimbursement decisions, resolves medical disputes, recommends rehab referrals and supplies forms.

CompOne facilitates aggressive case management, provides personalized reporting materials and performs all workers' compensation services on-site, at the workplace or during provider visits.
